

Level 4

LEAD PRACTITIONER IN ADULT CARE APPRENTICESHIP

Who is this course for?

Lead Practitioners in Adult Care may work in residential or nursing homes, domiciliary care, day centres, a person's own home, or some clinical healthcare settings. They will be recognised as a lead practitioner within the care team.

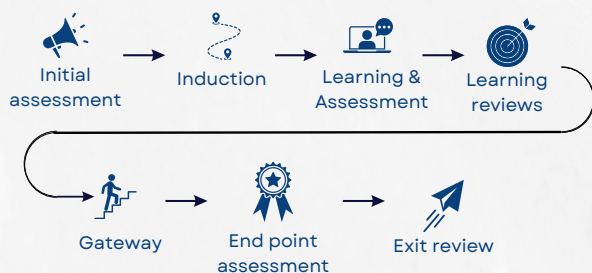

Delivery

Blended delivery including; one to one support with a competent tutor, along with a remote or face to face learning environment. We have a recently developed ESkills platform that all learners can use as a resource when completing their units to develop their competencies

End Point Assessment

At the end of the apprenticeship program, learners must complete their End Point Assessment (EPA). This is completed by an external EPA provider (TQUK).

Duration: 15 Months

"As a Deputy Manager I have found this course so helpful to give me the knowledge I needed for my job. I really enjoyed the learning, and the teaching from Debbie was excellent. I am so pleased with my result and I am definitely going to do the level 5, because I have been promoted to manager. I am so excited. "

Cheryl - Distinction
